Application No. 09/767,546

Continuation of 5. does NOT place the application in condition for allowance because: the references as applied do adaptively generate an output. There is no outside intervention in the operation of forming an output. The means used in the references automatically produce the output which meets the conditions as defined by applicants provided meaning. The claims (see claim 19 for example) do not set forth to adaptively change the control parameters. .
